- Diagnostic assessment
- Weekend showcasing of the learning throughout the week
- PA will be on the basis of the weekend assignments

FEW GENERAL GUIDELINES FOR PARENTS

- Create healthy and safe online habits
- Blended learning will have a mix of live classes and video lectures
- Daily interaction of class teacher/subject teacher with children through the goggle meet, zoom.us, ciscoWebex
- Weekly plan will be shared across to the parents as we used to previously share the monthly log
- End of the week assessment in the form of integrated project will be there with the resources available at home
- Maths will require a notebook and a rough notebook can be given to the child until the books are delivered.
- LIVE classes will not span the entire day
- LIFE SKILLS to be taken care of by the parents
- Keep your children safe with open communication
- Be very attentive to signs of distress and do not allow your child to be obsessed with online activities
- Take time to adjust to your child's individual needs as each child is UNIQUE
- Ensure that you are able to create trustful relationships and open communication through positive support and encouragement

**STAY SAFE
AND
THANK YOU**
